N.B.: The students, this time, will appear at the examination in offline after receiving question papers through their emails. The students need to confirm beforehand their email addresses that are preserved in the MBA program office of the School of Business. Those who have not yet got any mails from the office during covid-19 pandemic are asked to provide immediately their email addresses. Each examinee will be required to send scanned (i.e. preferably done by CamScanner) softcopy of his/her handwritten answer-script to email address of the examiner with a Cc to that of the scrutinizer. The total timing of 4 hours includes 3 hours for written examination and 1 hour (considering any elapsed time due to unstable network connection) for scanning answer-scripts, creating PDF softcopy of the scanned ones, uploading the PDF document and then sending the same through email. The detailed exam guidelines will be circulated later in due time.
